

What's new at Mitspa House?

A long but fruitful journey...

On September 26th 2017, we received our first **authorization from the public health department.**

On May 18th 2018 we had **clearance from the fire service.**

On August 3rd 2018 we received a **provisional licence** allowing us to take in our first beneficiaries!

Finally on **October 2nd** we received the prized **five year licence** and passed our final assessment with flying colors!

After struggling for all these months with repairs, installations and a pile of paperwork, we have at last reached the point we had been waiting so long for : **we can offer high quality care to young mothers in crisis and their newborn babies at risk.** Without **your support** at every level, **practical, material and financial,** we would never have reached our goal!

Once again an enormous THANK YOU you to you all !!!

Our moms and their babies

Since September we have had our **first mom** and her **3-week old son** staying with us.

We are also taking steps to accommodate **two other mothers of two little boys.** At the same time we've been asked by another center to take in two more beneficiaries : a **young girl in her early teens and her baby of 4 months** and a **pregnant mom.**

The team is growing...

To complete our team, we have just taken on Loredana as a **childcare assistant** and Iasmina as a **psychopedagogue.** We are very grateful for their motivation, desire to learn and creative talents !

Iasmina and Loredana

Present challenges

We need your help and support!

Monthly needs

Now we have begun to take in beneficiaries, [we need your help](#) to be able to offer them **quality care** and provide for **all their basic needs** : food, warmth, clothes, nappies, milk powder for mothers who can't breastfeed, medical treatment, insurance etc...

[By your gifts](#), you too can enable a child to grow up in his mother's care and be the giver of new hope !

Special need!

A new law concerning **personal security** has come into force as from July 1st 2018. After an assessment made on the house, **we now have to install as soon as possible an anti break-in system** (£629/\$829), **security cameras** (£529/\$697) and a **video intercom** (£383/\$504). **The total cost of this new law adds up to £1541 / \$2030.**

[You can help by sending a one-off gift here !](#)

Don't hesitate to visit [our site](#) and [Facebook page](#) to get a better idea of our latest activities!

**If you want to become a partner of Mitspa House
by supporting financially this project :**
